wounded by Mrs. Anna M. Bradley at

Frank Mazza, a convict in the Utah
penitentiary serving a ten year sen-
tence for murder, has been examined
as to his sanity and was pronounced

There is a serious outbreak of
smallpox among the children of Mon-
roe, Sevier county, and Dr. F. E.
Clark, who was sent down by the
State Board of Health to investigate,
reports that the cause of the spread is
due to negligence on the part of those
in charge. An effort is now being
made by the local authorities with the
hope of stamping out the disease.

P. A. Gregory, night foreman in

Snake Creek Mines.

Snake creek canyon has been pro-
spected for precious metals almost
from the earliest days of mining in
this state and long before the discov-
ery of the great Ontario or the build-
ing of Park City. Some very rich ore
has been taken out along the north
slope of the canyon in many places,
the Bonanza flat has passed through
several mining expeditions on ac-
count of the discoveries that have
been made there and claims on that
flat are considered to be valuable
holdings. All miners agree that there
must be large bodies of valuable ore in
that mountain but no true luster veins
bearing paying values have as yet
been discovered, on the Wasatch
county slope, unless it be on the Bon-
anza flat.

The most of the territory described
above is located and much of it is
patented and the prospects beginning
at the head of the canyon are as fol-
lows: The Mountain Lake Mining
company has about 40 patented claims
extending from the Park City slope
along the ridge at the head of Snake
creek and over into American Fork
canyon and covering a large tract of
ground in the big cottonwood canyon.
This company has recently purchased
the steam out property in the head of
Snake Creek consisting of about 30
patented claims. Next comes the
Lions, Wide West, Heber City, Big
Four, Balsam Grove, Bonanza property,
consisting of 13 patented claims, Lone
Pine, Southern tier, with a large
block of patented claims, St. Louis
Vassett, Wolverine, Success, the Lar-
teral property, Bon der Bastia. The
last named group has a long list of

SPECIAL CORRESPONDENCE.

The new barber shop which was
started by Frank Clayburn last week
seems to be doing a good business.
We are glad to see this for a first
class barber has been needed here for
some time.

We understand that D. S. Morlock
has opened a meat market in a build-
ing adjoining his store. We wish
him success in his venture.

On account of the scarcity of coal
some of our citizens have been haul-
ing from Park City.

Joe W. Francum, formerly bishop
of the first ward of Midway but now
a resident of Dowsyville, Utah, is in
town visiting friends and looking
after some property which he has
here.

Five or six families have been
placed under quarantine for small
pox this week.

Ed Culmer of this place is home
from Milford, Utah, where he has
been engaged in the mining business
as a lessee. He expects to return
after the holidays.

Miss Katie Shelton, daughter of
Mrs. Hyrum Shelton of Midway, died
at the home of her mother yesterday
morning. The immediate cause of
her death was diphtheria and heart
failure but she has not been well since
she had a severe attack of diphtheria
about two years ago. She was 21
years of age and a highly respected
